Effective March, 2017

Version 1.0

Scope of the Policy Legal Background Obligations

INTRODUCTION

ABcann Global Corporation as a public company has internal guidelines to control transactions involving its securities by all ABcann Team Members (as defined below) to ensure ABcann Team Members are aware of and comply with their legal obligations and ABcann policy with respect to "insider trading", "tipping" and the "Policy". **"ABcann"** or the **"Company"**, as used in this Policy, means ABcann Global Corporation and its subsidiaries. **"ABcann Team Members"**, as used in this Policy, means the directors, officers, employees, consultants, contractors and agents of ABcann, as well as their "Associates" and "Affiliates".

We expect every ABcann Team Member to fully comply with all applicable legal requirements, including requirements of the applicable stock exchange, and this Policy. The objectives of this Policy are to:

- educate ABcann Team Members about their legal obligations with respect to insider trading and tipping;
- foster and facilitate compliance with applicable laws to prevent transactions by ABcann Team Members that would not be in full compliance with the legal requirements;
- help satisfy the Company's obligations to prevent insider trading and tipping and to help ABcann Team Members avoid the severe consequences associated with violations of insider trading laws;
- and
- to help protect against the Company violating securities laws related to "selective disclosure".

1.1. Scope of this Policy

This Policy applies to all ABCann Team Members.

Significant Shareholders of ABCann are subject to similar restrictions and obligations as those discussed in this Policy. However, this Policy is not intended to describe or be exhaustive of the restrictions and obligations applicable to Significant Shareholders of ABCann. As a result, Significant Shareholders should consult with legal counsel to determine their restrictions and obligations under applicable law.

LEGAL BACKGROUND

Insider Trading

Securities legislation prohibits anyone from trading in ABCann securities with knowledge of a material fact or material change that has not been generally disclosed. This prohibited activity is commonly known as "insider trading". Definitions of "material fact" and "material change" are set out in Section 2.3 below.

Securities legislation also prohibits anyone from trading in the securities of any public company other than ABCann when he or she has knowledge of an undisclosed material fact or material change regarding ABCann that may affect the other public company.

Tipping

Securities legislation prohibits any person from informing any other person of a material fact or material change before the material fact or material change has been generally disclosed. This prohibited activity is commonly known as "tipping". Both the person who provides the information and the person who receives the information could be liable under securities laws if the person who receives the information trades in securities based on the provided non-public information.

securities held by the person or company as underwriter in the course of a distribution.

3. OBLIGATIONS

3.1. Obligations of All ABcann Team Members

ABcann Team Members cannot trade in securities of ABcann, including exercising ABcann stock options, while in possession of Material Information with respect to ABcann that has not yet been generally disclosed.

ABcann Team Members cannot trade in securities of another public company while in possession of Material Information with respect to ABcann that has not yet been generally disclosed and that would affect such other public company.

ABcann Team Members cannot inform other people of Material Information regarding ABcann or any other public company before that Material Information has been generally disclosed.

ABcann Team Members must inform the CFO prior to a trade in securities of ABcann.

The provisions of this Section 3.1 and the following Section 3.2 also apply to all family members of an ABcann Team Member who reside with the ABcann Team Member.

3.2 Imposition of Blackout Periods

All ABcann Team Members are prohibited from trading in securities of ABcann, including exercising ABcann stock options, during "blackout periods." Blackout Periods for all ABcann Team Members begin at 5 p.m. (EST) on the last day of each fiscal quarter of ABcann and end on the second clear and full trading session day following the issuance of a news release disclosing quarterly results or annual results. Expressed another way, for ABcann Team Members trading is permitted during a "window" which extends from the close of the second business day following an earnings release with respect to the preceding fiscal quarter until the close of business on the last day of each fiscal quarter of ABcann.

Notwithstanding the foregoing, ABCann Team Members (whether or not Insiders) are prohibited from trading in securities of ABCann, even during the applicable trading "window" while such ABCann Team Members possess Material Information which has not been publicly disclosed.

In addition, when Material Information is deemed worthy of a blackout period or anticipated to have an impact, either positive or negative, on the price of ABCann shares after review by the Company's Chief Executive Officer, Chief Financial Officer or another designated person, a blackout period will be instituted for Insiders and other designated employees beginning 48 hours before public disclosure and continuing through the day of disclosure and for 48 hours following said disclosure ("**Special Blackout Period**"). These restrictions will also apply to Related Persons of the persons described above. No one may disclose to any outside third party that a Special Blackout Period has been designated. ABCann's policy will be to err on the side of caution in designating Special Blackout Periods and related practices, in recognition of the fact that trades that create notoriety, even if they are ultimately found to be proper, may tarnish ABCann's goodwill and reputation.

To provide assistance in preventing inadvertent violations and avoiding even the appearance of an improper transaction, the procedures set forth below must be followed by ABCann's directors, officers and certain other designated employees (as determined by the Compliance Committee from time to time) who may have access to Material Information which has not been publicly disclosed ("**Restricted Insiders**"). For greater certainty, Restricted Insiders shall include all Reporting Insiders, all employees at the level of "Director" or above and all employees in the Finance/Accounting, Investor Relations/Public Relations and Legal Departments.

At no time may any Restricted Insider, directly or indirectly, trade in ABCann's securities unless such person obtains the prior approval of the Compliance Committee (or its designated representative). Pre-clearance requirements also apply to trades by a Restricted Insider's Associates.

Pre-clearance requests, which should outline the trading request (i.e., purchase or sale, possible level of securities to be traded, if any automatic trading plan is to be instituted as a result) are to be sent by fax or email to ABCann's Chief Financial Officer. The Compliance Committee will respond to such requests within one (1) business day.

Pre-clearance also applies to sales of ABcann stock in connection with exercises of stock options.

ABcann's policy will be to err on the side of caution in granting or denying trading clearance, in recognition of the fact that trades that create notoriety, even if they are ultimately found to be proper, may tarnish ABcann's goodwill and reputation.

If the Compliance Committee denies trading clearance to a Restricted Insider, ABcann will immediately impose a Special Blackout Period as described above.

Clearance for a transaction is valid only for a 48 hour period. If the transaction order is not placed within that 48 hour period, clearance for the transaction must be re-requested . If clearance is denied, then the fact of such denial of clearance must be kept confidential by the Restricted Insider.

3.3 Waiver

Notwithstanding any of the prohibitions contained in Section 3.2, the Audit Committee may, at its discretion, waive the prohibitions contained in Section 3.2 in exceptional circumstances, provided that the ABcann Team Member seeking the waiver does not have any undisclosed Material Information and that making such an exception would not violate any applicable securities laws. All requests for waivers pursuant to this section 3.3 shall be made in writing, shall contain a certification that the requesting ABcann Team Member does not have any undisclosed Material Information, and shall be addressed to the Chair of the Audit Committee.

3.4 No Speculating

Purchases of securities of ABcann should be for investment purposes only and not short-term speculation. This includes all dealings in puts and calls, all short sales and all buying or selling on the market with the intention of quickly re-selling or buying back at a profit. In addition, there should be no trading in securities of other companies with the knowledge that ABcann is contemplating or engaged in acquiring such company or its securities or negotiating significant business arrangements. ABcann also strongly discourages ABcann Team Members from making purchases using "margin loans" in order to remove the risk of their being put into a difficult situation as a result of a margin loan shortfall (margin call).

3.5 Discretionary Account

If any ABCann Team Member has a discretionary account with a broker or other investment manager (i.e. the broker or other investment manager has a certain amount of discretion to buy and sell stock on behalf of the ABCann Team Member), they must be advised in writing that there are to be no purchases or sales of the Company shares in the discretionary account without first discussing it with such ABCann Team Member in order to ensure compliance with this Policy and applicable insider trading laws.

3.6 Insider Reports

Under Canadian securities laws and ABCann policy, Reporting Insiders are required to file a report (the "**Insider Report**") with securities regulators any time they trade in shares, debt securities, options (including the grant and exercise of options), deferred share units or restricted stock units of the Company (which involve the issuance or potential issuance of securities from treasury). Reporting Insiders must file an Insider Report electronically through the "System for Electronic Disclosure by Insiders" ("**SEDI**") within 5 days after each trade.

3.7 Confidentiality

In the course of conducting business, ABCann Team Members may be in possession of information which may be of a market sensitive nature. Access to such information must be limited strictly to those persons who require it in order to perform the duties expected of them. Precautions must be adopted by each ABCann Team Member to ensure that sensitive information within their department is not available or accessible to individuals inside or outside of the Company who have no requirement for such information. ABCann Team Members are reminded to review the ABCann Corporate Disclosure and Confidentiality Policy for further information.

3.8 Automatic Plans

Trading restrictions during blackout periods will normally not be applicable when the ABcann Team Member has entered into a plan allowing him or her to purchase or sell Company securities on an automatic basis according to a pre-established set of instructions with respect to timing and price, regardless of whether a blackout period may be in effect and regardless of whether the ABcann Team Member may be in possession of material undisclosed information about ABcann at the time of such purchase or sale.

These plans must be pre-approved by board of directors of ABcann, acting in its sole discretion, and must meet the following conditions:

At the time the plan is entered into, (i) the ABcann Team Member is not in possession of any material undisclosed information relating to the Company;

Trading parameters are clearly documented in writing at the time the plan is established;

The plan contains meaningful restrictions on the ability of the ABcann Team Member to profit from material undisclosed information by varying, suspending, or terminating the plan;

The plan provides that the broker may not consult with the ABcann Team Member regarding any sales under the plan and that the ABcann Team Member cannot disclose information to the broker that might influence the broker's execution of the plan; and

The plan was entered into in good faith.

Plans of this nature include automatic securities purchase plans, dividend reinvestment plans and automatic pre-arranged sales plans structured in compliance with applicable securities laws. It should be noted that the insider reporting obligations discussed above continue to apply in respect to these plans, subject to certain exemptions.

MISCELLANEOUS

4.1. Potential Civil and Criminal Penalties
